

Safety Policy

1. The company accepts the responsibilities towards health and safety for employees and others who may be affected by our activities.
2. The objective is to meet the current requirements of health and safety, ensure safe systems of work together with information instruction and training as required.
3. Every opportunity will be taken to discuss matters affecting health and safety with employees.
4. The company will expect employees to play their part and co-operate with all arrangements for health and safety.
5. The organisation and arrangements following this statement of policy are the means by which the company will achieve its objectives.
